Beat the Clock!

This is a set of alphabet flashcards- with the vowels and consonants in different colours.

How to Play...

- 1 Today's revisit will also introduce the concept of vowels and consonants, focusing on the letters in the alphabet!
- 2 For the game, you will need a set of alphabet flashcards with vowels and consonants in two different colours.
- 3 Play 'Beat the Clock' by setting a 3-minute timer and challenging the child to go through all the sounds before the time runs out.
- 4 If they succeed, they earn a point; if they don't and run out of time, the adult steals the point!
- 5 At the end of the game, ask the child if they noticed anything about the sounds today. Draw their attention to the different colours of the vowels and consonants and explain what they are.

Note: Revisit this game daily, reducing the time by 30 seconds each day!

Playing with a Group...

If playing with a group, play in the same way, but have the children work together to collectively earn the point.
