Find & Spell

How to Play

- 1 Hide the picture cards around the room, attaching them to walls and furniture.
- 2 The picture cards each have mini four-part phoneme frames underneath them, with a microphone image in the space where a hard-to-hear consonant is hiding. This microphone acts as a visual prompt for the child/children to listen carefully when sounding out the word for spelling, ensuring they don't miss the extra consonant in the CVCC and CCVC words.
- 3 Set a 10-minute timer and give each child a whiteboard and pen. Challenge them to move around the room, finding and recording as many CVCC and CCVC words as they can- using the microphones on the picture cards as clues to help spell the words correctly.
- 4 At the end, review how many words they were able to find.

Tip: Children should leave the pictures on the wall when they find them, rather than removing them, so other children can have a chance to find them too.
